## GRIP (on yourself)

**G**
Didn't have the money round to buy a Morry Thou
**F** **C** **G**
Been around and seen a lot to shake me anyhow
**G**
Begged and borrowed sometimes I admit I even stole
**F** **C** **G**
But the worst crime that I ever did was playing rock'n'roll

**D** **F** **G**
But the money's no good, just get a grip on yourself x2

(Ya'know I've been)
**G**
Suffering convictions on a two way stretch inside
**F** **C** **G**
The air in here in pretty thin, I think I'll go outside
**G**
Committed for insanity and crimes against the soul
**F** **C** **G**
The worst crime that I ever did was play some rock'n'roll

**D** **F** **G**
But the money's no good, just get a grip on yourself x2
And you should know!

**D^ D F^ F G**

**D A/D C/D F/D G/D**
Ooh... ooh... ooh... ooh... ooh... (x2)

**G**
Now I find from week to week the sentence sticking fast
**F** **C** **G**
I turn the corner, rub my eyes, and hope this world will last
**G**
Stranger from another planet, welcome to our hole
**F** **C** **G**
Just strap on your guitar and we'll play some rock and roll

**D** **F** **G**
But the money's no good, just get a grip on yourself x2
And you should know!

# Scarlet Begonias <3

```
   F                                C
As I was walkin' down Grosvenor Square,
      F                                    C
Not a chill to the winter but a nip to the air,
A#               F  C    A#                  F
From the other direction she was calling my eye,
F             C G    F                   C                   G   F
Could be an illusion but I might as well try, might as well try.

She had rings on her fingers and bells on her shoes,
And I knew without askin' she was into the blues.
She wore scarlet begonias tucked into her curls,
I knew right away she was not like other girls, other girls.

In the heat of the evening when the dealin' got rough,
She was too pat to open and too cool to bluff.
As I picked up my matches and was closin' the door,
I had one of those flashes, I'd been there before, been there before.

       G
Well I ain't often right but I've never been wrong,
C                           A#          F
Seldom turns out the way it does in the song.
G
Once in a while you get shown the light
       C                           A#         F
In the strangest of places if you look at it right.

G   A#   C   F

Well there ain't nothin' wrong with the way she moves,
Or the scarlet begonias or a touch of the blues.
And there's nothing wrong with the look that's in her eyes
I had to learn the hard way to let her pass by, let her pass by.

[Solo]

The wind in the willow's playing "Tea for Two,"
The sky was yellow and the sun was blue,
Strangers stopping strangers just to shake their hand,
Everybody's playing in the heart of gold band, heart of gold band.

[Verse 1]
```
    F                            A
The times we had, oh, when the wind would blow with rain and snow

Were not all bad, we put our feet just where they had

[Verse 2]

The shattered soul following close, but nearly twice as slow
   F                             A
In my good times there were always golden rocks to throw
F                           A
At those who, those who admit defeat too late
                F                       A
Those were our times, those were our times

## Get lucky

**Bm D F#m E** or **Am C Em D**

Like the legend of the phoenix
All ends were beginnings
What keeps the planet spinning
The force from the beginning

Pre-Chorus:
We've come too far to give up who we are
So let's raise the bar and our cups to the stars

Chorus
She's up all night 'til the sun
I'm up all night to get some
She's up all night for good fun
I'm up all night to get lucky

We're up all night 'til the sun
We're up all night to get some
We're up all night for good fun
We're up all night to get lucky

We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky

[Interlude 1 bar]

The present has no rhythm
Your gift keeps on giving
What is this I'm feeling?
If you want to leave I'm with it

[Pre-Chorus] [Chorus]
[Finalino]
